NIMBioS Mini-Workshop: *Shaping a Meaningful Career in STEM*

**Jeanne Narum
Founding Director
Project Kaleidoscope**

**Tuesday, October 26, 2010
3:30 pm*, Room 403, Blount Hall, 1534 White Ave.**

Join us for a mini-workshop with Jeanne Narum, Founding Director of Project Kaleidoscope, one of the nation's leading programs to encourage innovative undergraduate STEM education. Narum has been the lead author on numerous reports to promote undergraduate learning, including workshops on enhancing opportunities for early career faculty, quantitative reasoning, facilitating interdisciplinary learning and shaping learning spaces that accommodate 21st century pedagogies.

**Refreshments begin at 3 p.m. in the NIMBioS lobby on the 4th floor.*
