$$P(A|B) = \frac{P(B|A)\,P(A)}{P(B)}$$

RevBayes:
Bayesian Inference of Phylogeny

7-11 August 2017 | Knoxville

*Bastien Boussau · Emma Goldberg · Tracy A. Heath
Sebastian Höhna · John Huelsenbeck · Brian Moore*

Join program authors and expert instructors in a tutorial at the National Institute for Mathematical and Biological Synthesis featuring RevBayes, an exciting new program for Bayesian inference of phylogeny that succeeds the popular program MrBayes.

- *Learn from carefully tailored lectures on comparative-phylogenetic methods*
- *Receive hands-on computer instruction*
- *Understand Bayesian statistical inference and stochastic models*

Expertise in phylogenetic theory not necessary

Registration: $500 faculty/postdocs; $350 students
