

# NIMBioS

National Institute for Mathematical  
and Biological Synthesis

## 4<sup>th</sup> Annual Undergraduate Research Conference at the Interface of Biology and Mathematics

**November 17-18, 2012**

**University of Tennessee Conference Center, Knoxville, TN**

The 4<sup>th</sup> annual undergraduate research conference provides opportunities for undergraduates to present their research at the interface of biology and mathematics and network with students and mentors from across the country.

Featuring Talks by:

Dr. Christine Heitsch, Georgia Institute of Technology

Dr. John Glasser, Center for Disease Control

Student Presentations and Posters, Career Panel Discussion  
Graduate School Showcase, Networking Opportunities

Faculty, students and local teachers invited.

*Funding for lodging and registration is available for a limited number of participants.*

***Deadline to apply for support is Oct. 5. Deadline to register is Nov. 2.***

*The National Institute for Mathematical and Biological Synthesis (NIMBioS) brings together researchers from around the world to collaborate across disciplinary boundaries to investigate solutions to basic and applied problems in the life sciences. NIMBioS is sponsored by the National Science Foundation, the U.S. Department of Homeland Security, and the U.S. Department of Agriculture with additional support from The University of Tennessee, Knoxville.*
