

NIMBioS

National Institute for Mathematical
and Biological Synthesis

5th Annual Undergraduate Research Conference at the Interface of Biology and Mathematics

November 16-17, 2013

University of Tennessee Conference Center, Knoxville, TN

The 5th annual undergraduate research conference provides opportunities for undergraduates to present their research at the interface of biology and mathematics and network with students and mentors from across the country.

Keynote: Dr. Mariel Vazquez, San Francisco State University

Student Presentations and Posters ♦ Career Panel Discussion

Graduate School Showcase ♦ Networking Opportunities

Faculty, Students and Local Teachers Invited

Support for lodging, registration, & travel are available for a limited number of participants.

Deadline to apply for support: Sept 23. Deadline to register: Nov. 1.

The National Institute for Mathematical and Biological Synthesis (NIMBioS) brings together researchers from around the world to collaborate across disciplinary boundaries to investigate solutions to basic and applied problems in the life sciences. NIMBioS is sponsored by the National Science Foundation, the U.S. Department of Homeland Security, and the U.S. Department of Agriculture with additional support from The University of Tennessee, Knoxville.
