

# NIMBioS

National Institute for Mathematical  
and Biological Synthesis

## ***Workshop: Transitions for STEM Students with Disabilities***

**4:45 – 8 p.m., November 28, 2017**

**NIMBioS, 206 Claxton Building, University of Tennessee, Knoxville**

The UT-NIMBioS STEM Alliance will host a workshop for high school and college educators to share their experiences in efforts to transition students with disabilities in STEM disciplines from high school to college.

- Tamara Massey-Garrett, Program Manager, Center for Disability Services, Auburn University at Montgomery, will discuss issues facing STEM students with disabilities.
- UT Student Disabilities Services will give an overview of the services available to UT students.
- Internships and professional development activities for students will be discussed.

***Parking and dinner will be provided.***

To confirm your attendance, contact Greg Wiggins, [wiggybug@nimbios.org](mailto:wiggybug@nimbios.org), or Suzanne Lenhart, [slenhart@utk.edu](mailto:slenhart@utk.edu), (865) 974-9364

The workshop will be live streamed. For more information, visit <http://www.nimbios.org/stemworkshop>

*The UT-NIMBioS STEM Alliance is part of the Southeast Alliance for Persons with Disabilities in STEM. NIMBioS is sponsored by the National Science Foundation with additional support from The University of Tennessee, Knoxville.*
