

**NIMBioS Working Group:
Integrating functional and evolutionary dynamics a multiple scales**

University of Tennessee, Knoxville

June 10-12, 2009

June 10th : Talks

9:00am **Joan Roughgarden** (Introduction)

9:15am **Joel Brown**
University of Illinois, Chicago

10:00am **Eric Vanden-Eijnden**
New York University

10:45am **Break**

11:00am **Brian McGill**
University of Arizona

11:45am **Priya Iyer**
Stanford University

12:30pm **Lunch break**

1:30pm **Angela Potochnik**
University of Oklahoma

2:15pm **Joan Roughgarden**
Stanford University

3:00pm **Break**

3:15pm **Herbert Gintis**
Central European University and Santa Fe Institute

4:00pm **Lee Worden**
UC Berkeley

4:45pm **Erol Akçay**
Stanford University

5:30pm **End of talks, general discussions and leave for dinner**

June 11th: Discussion and field trip

Morning **General discussion: identifying focal issues, biological systems, and modeling tools and techniques**

12:00pm **Lunch**

Afternoon **Field trip: Smoky Mountains National Park**

June 12th: Discussions and planning

Morning **Discussions: developing a research agenda**

12:00pm **Lunch**

Afternoon **Discussions of future plans for individual work and collaborations; and the next meeting**
